

Adi Baruch

SOC Analyst (Tier 2)

Beer Sheva · 050-4471820 · adi.baruch98@gmail.com · linkedin.com/in/adi-baruch-6s3

SUMMARY

SOC analyst with 4 years across two 24/7 SOC's. Tier 2 escalation point and night-shift lead; strongest on phishing analysis, endpoint triage and SOAR automation.

EXPERIENCE

SOC Analyst Tier 2, Night-Shift Lead · Corvid Security, Beer Sheva Apr 2024 - Present

- Run the night shift (3 analysts) covering 40+ enterprise customers on Splunk ES and Cortex XSOAR.
- Handle Tier 2 escalations end to end (~120/month) across endpoint, identity and email vectors, mapped to MITRE ATT&CK.
- Authored 9 SOAR playbooks (phishing triage, impossible travel, EDR isolation) that cut mean response time 55%.
- Tuned 25 correlation rules together with detection engineering; false-positive rate dropped 30%.

SOC Analyst (Tier 1, then Tier 2) · NetGuard Labs, Tel Aviv Jun 2022 - Apr 2024

- Triageed ~60 alerts per shift on QRadar across network, EDR and mail sources.
- Escalated and documented 30+ confirmed incidents, including 2 ransomware attempts contained before encryption.
- Established the phishing-analysis workflow (header analysis, sandbox detonation, IOC extraction) adopted SOC-wide.
- Promoted to Tier 2 after 11 months.

SKILLS

SIEM: Splunk ES (SPL), IBM QRadar

Endpoint: CrowdStrike Falcon, Defender for Endpoint

Email/Phishing: header forensics, sandboxing, IOC handling

SOAR: Cortex XSOAR playbook development

Frameworks: MITRE ATT&CK, NIST incident response

Scripting: Python (basic), regex, KQL

MILITARY SERVICE

IDF, Intelligence Corps - network monitoring operator (2016 - 2018).

EDUCATION & CERTIFICATIONS

B.Sc. Information Systems Engineering, Ben-Gurion University of the Negev 2019 - 2022

CompTIA Security+ (2022) · Splunk Core Certified Power User (2023) · GIAC GCIH (2025)

LANGUAGES

Hebrew - native, English - fluent.
